## **Chamber business development corporation receives two marketing awards**

Springfield Area Chamber of Commerce and the Springfield Business Development Corporation brought back two marketing awards from the Missouri Economic Development Council's fall conference Oct. 1-3 at Lake of the Ozarks.

The SBDC received honors for its Springfield Demographic Profile, a printed publication that presents essential community and regional data, and [www.business4springfield.com](http://www.business4springfield.com), the official website for economic development in Springfield. Both marketing tools are designed and maintained by Chamber staff.

MEDC is a statewide professional association for economic developers. The MEDC counselors, an advisory group of respected Missouri economic development professionals, chose the recipients of the statewide awards.

Representing the Chamber and SBDC at the conference was Greg Williams, vice president of economic development; Allen Kunkel, regional development manager; Sonja Chasteen, business assistance manager; and Ryan Mooney, economic development coordinator.
